

Bremdale

'A Coastal Garden of Eden'

We have the pleasure of sharing with you our 'Coastal Garden of Eden' - a romantic, rustic country garden, set in the peaceful surroundings of our organic farm.

We invite groups by arrangement for revitalizing and peaceful guided garden walks amongst the trees, birds and flowers. and most of all, to be at one with nature.

We offer:-

- ◆ 2½ acres of charm and tranquility
- ◆ Organic farm produce in season
- ◆ Nutritional health products
- ◆ Crafts, keepsakes and gifts
- ◆ Floristry – classes by arrangement
- ◆ Massage and wellness sessions
- ◆ Cottage and caravan accommodation
- ◆ Vacation & Holiday family accommodation

By prior arrangement, we can:-

- ◆ Provide morning tea in our outdoor café
- ◆ Cater for bus tours
- ◆ Hold weddings in our outdoor gardens

And for groups of five or more:-

We organise Bremdale Organic Farm Tours and we hold seminars and workshops in our covered outdoor courtyard. Refreshments available by arrangement.

*Experience the ambience and beauty
of this garden paradise -
this magical piece of
heaven on earth.*

How to find us

Nuhaka – 32 km from Wairoa
68 km from Gisborne

Bremdale – Going towards Mahia from the Nuhaka roundabout, cross the bridge and Wai Street is the second turn on the left.

Bremdale is at the end of Wai Street.

The Garden

We have created a magical paradise of tranquility and old world charm in which fragrances and surprises abound. Creeper-covered archways flow into "Garden Rooms" featuring ponds, statuary, rocks, porgas and handmade rustic furniture and fences.

A magnificent walnut tree offers shade and a quiet haven for relaxation and nearby is the outdoor 'chapel' where weddings are held.

Rose-Marie's love of floral art based on bold foliage, is the inspiration for the garden design.

Shrubs and healing plants abound, as well as self-seeding annuals and flowers, all of which are featured in our tours and added to our produce and gift boxes.

The mild frost-free climate means that roses flourish for most of the year. Drifts of daffodils and multi-coloured flowers follow winter camellias.

Many of the plants in the garden come from friends and this is a lovely way to remember them. We think that this is what gardening is all about.

Native bird songs, mingling with the cooing of doves and pigeons, plus a variety of animals, welcome our visitors. The added delight of a "Little People's House" makes this a fascinating place for children as well as adults.

As seen on "Maggie's Garden Show", this is truly a garden of beauty, healing and inspiration.

**The garden is open to the public from
1st October to 24th December and
26th December to Waitangi Weekend
from 10am onwards,
and at other times of the year
by appointment.**

Look for the OPEN sign at the gate.

Organic Produce A Veritable Garden of Eden

Following our vision of a more health-conscious way of life, we began to convert to Bio Dynamic horticulture in 1990, and are fully certified with Organic Farm NZ.

Our 9.3 hectares of cropping land provides a frost-free environment. enabling us to grow very early crops and sub-tropical fruits to supply a niche market.

An essential part of the Bio Dynamic concept is the striking flow form water feature nestled in a corner of the garden under our fifty year old walnut tree.

The farm is an holistic ecosystem pulsating with life, because "the secret is in the soil". These natural concepts are a total way of life for us.

We facilitate workshops, field days and seminars as a part of our passion and commitment to this way of living and being.

ABOUT OUR PRODUCE

The taste of yesteryear—Tree Ripened!

- ◆ **Kiwifruit** – grown on our river silt for local and export markets. The soil tests before and after organic management show the pH levels changing from 5.5 to 6.9 over the years.
- ◆ **Sweet Persimmons** – a popular non-astringent variety, attractive and eaten while the fruit is firm. Harvested in April/ May/ June.
- ◆ **Encore Mandarins** – harvested from November to June. Exceptional flavour, sweetness and juiciness.
- ◆ **Other Bremdale Produce** – Apricots, lemons, nectarines and plums. Potatoes, melons, squash, pumpkins, zucchini, brassicas and other seasonal vegetables according to demand.

**Produce Shed open seasonally.
For courier orders phone (06) 837 8729.
Group talks and seminars by arrangement.**

Natural Wellness Lifestyle Coaching

Healthy soil = healthy plants = healthy animals, therefore healthy people, so our diversification into health and wellness products was a natural progression.

Our accredited nutritional supplements are of superior practitioner quality. This in turn gives the user maximum benefits.

Our extensive range promotes health and we offer personalised wellness plans and support.

Rose-Marie is a Chartered Natural Health Practitioner as well as an Enrolled Nurse, and offers a broad spectrum of assistance and massage sessions embracing physical, spiritual and emotional concepts. Consultations by appointment are available for the following :

- ◆ Foundations of Health analysis
- ◆ Chinese Massage (Dip.)
- ◆ Bio Dynamic Holistic Massage (Dip)
- ◆ Body Electronics Practitioner (Member BEINZ)
- ◆ Traditional Acupuncture (Dip.)
- ◆ Bio-Methso Therapy
- ◆ Herbs of Eden Products - sales, recommendations, enquiries & mail-orders.
- ◆ Lifestyle Medicines
- ◆ Nutritional Supplements – help and support
- ◆ Certified Practitioner sessions available by appt.

**Experience this oasis of
beauty and tranquility,
while being nourished and
nurtured, to help bring
about
healing and renewal.**
